

CEO's Secret Lover Chapter 56 To 60

Chapter 56 - Malice in the Heart

Although Luo Qing Yun had never owned these luxury goods before, at least she had worked at a five-star hotel before, and had seen many nobles.

Sister He was still looking at the pile of gifts with her eyes glowing. Luo Qing Yun had already recovered from the shock, she picked up her phone and dialed Su Chen Hao's number.

The phone rang for a long time before someone answered, but the one who spoke was not Su Chen Hao.

"Qingyun, how is it? Did you get the gift? Isn't it a pleasant surprise?" Qiu Ye's excited voice came out from the phone.

"Um, what about Chen Hao?" Luo Qing Yun asked.

"CEO is seeing an important guest right now, so he doesn't have time to answer the phone right now." Qiu Ye said.

"Then do you know why he suddenly gave me so many precious gifts?"

"Didn't you want to go to your friend's wedding? So CEO specifically told me to prepare these things for you. "

"..." How did he know she was going to the wedding?

"Qingyun, I'm a bit busy right now, so let's not talk about it for now. I will tell CEO that you called." Qiu Ye seemed to be very busy, without waiting for her response, she hung up.

Luo Qing Yun looked at the pile of jewelry in front of him, and was stunned.

Seeing that, the Sister He knew what the doubt in her heart was, so she said, "Miss, I was the one who told you about your friend's engagement ceremony. You came back yesterday afternoon and threw your bag on the sofa in the living room. When I wanted to take you upstairs, I accidentally opened the button, and the invitation slipped out and fell on the floor. I saw it when I picked it up. "

So that's how it was.

Luo Qing Yun took a deep breath and wrapped these things up just like before.

"Miss, this is..." Don't you want to try these things? " Sister He looked at her in puzzlement.

However, Luo Qing Yun said, "Sister He, help me keep all these things properly. I'm not going to wear something for the betrothal. "

"Why? How beautiful these things are, don't you like them? "

"No." How could she not like the things he gave her? Only, she felt that Zhou Yi's engagement to Jiang Zhi Xin was not worth her heart's attention and attention.

Jiang Residence.

Because Eldest Miss Jiang Zhi Xin's Engagement ceremony was about to arrive, the entire house was bustling with activity.

Inside the bedroom, Jiang Zhi Xin was lying on the sofa wearing a silk pajamas. Beside her, a Beautician was helping her make her nails.

"Dong Dong Dong ..." There was a knock on the door.

Then, the door was pushed open from the outside. Assistant A Ying led Peng Yue Jiao in.

Jiang Zhi Xin lazily raised her eyelids, and glanced at Peng Yue Jiao who was walking over: "Why are you here?"

"Miss, she has something important to tell you. It concerns Luo Qing Yun." A Ying reported.

Peng Yue Jiao stood at the side and nodded with a sincere expression.

When Jiang Zhi Xin heard that it was related to Luo Qing Yun, she was immediately interested. She pointed to the empty sofa in front of him and said, "Sit down, A Ying, go pour me a cup of juice."

Peng Yue Jiao hurriedly sat down with a smile. After A Ying delivered the juice, she held onto a mouthful of it and drank, then said, "Zhixin, you might not believe it if I told you, but I only found out about this yesterday."

"What is it? Tell me." Jiang Zhi Xin looked at the beautiful fingernails he had just made and said.

Peng Yue Jiao cleared her throat and opened her mouth: "It's just that not long after Luo Qing Yun and Zhou Yi broke up, suddenly, I don't know how she became rich and even cured her little brother's disease, do you know about this?"

Jiang Zhi Xin didn't really like others linking Luo Qing Yun's name to her, so she frowned slightly, but she didn't flare up. "What happened next?"

"Do you know where the money came from?" Peng Yue Jiao asked back mysteriously.

Jiang Zhi Xin sneered, "Where did you come from? It was that bitch who stole the money from my house and gave it to her daughter. "

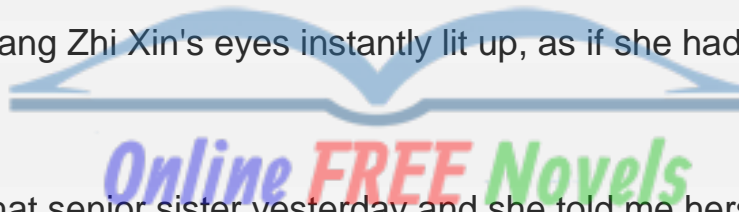

In her heart, Luo Qing Yun's mother was a disgraceful third party who had forcefully interfered with her parents' marriage. In all these years, she had never shown that woman a good face before.

If it wasn't for the fact that her father really liked that woman, she would have already been kicked out of the house.

Hearing that, Peng Yue Jiao waved her hand, "This time you guessed wrong, the money was not given to her by Luo Qing Yun's mother, but"

Hearing that, Jiang Zhi Xin's eyes instantly lit up, as if she had found a new continent.

"Really, I met that senior sister yesterday and she told me herself." Peng Yue Jiao was about to swear with his hands raised.

Seeing her so sure of herself, Jiang Zhi Xin couldn't help but reveal a cold smile, "They really are like mother to daughter. Their family doesn't have a single good thing. Anything for money. Luo Qing Yun, I want to see what kind of ability you have to fight with me for a man! "

"Zhixin, I did not tell anyone about this. I was the first to tell you about it, and even Ding Xiang did not know about it." Peng Yue Jiao asked for credit.

"What is your relationship with Ding Xiang? What do you mean even he doesn't know? " Jiang Zhi Xin glanced at her.

"It doesn't matter for the time being, but it's hard to say in the future." Ding Xiang was a man that he had taken a fancy to, so she would definitely think of a way to get hold of him.

Jiang Zhi Xin saw through her thoughts and gave her a meaningful glance.

Very quickly, A Ying took out an Engagement ceremony invitation letter and gave it to Peng Yue Jiao, "On the day of my engagement with Zhou Yi, Ding Xiang will definitely come to participate in the ceremony.

Seeing the invitation letter, Peng Yue Jiao's face was all smiles. She received it with both hands, "Thank you, Zhixin."

"Also, don't tell anyone else about this matter, Ding Xiang is also not allowed to say it, understand?" Jiang Zhi Xin instructed.

"Don't worry, I won't tell anyone." Peng Yue Jiao nodded his head, his attention was all on the invitation letter.

After sitting for a while, Peng Yue Jiao got up and took her leave.

The Beautician finished her work and left the room.

A Ying then walked to Jiang Zhi Xin's side, "Miss, are you preparing to change your plans?"

"Originally, I wanted to let that little bitch Luo Qing Yun come over and see my loving show with my own eyes. I wanted to give her a good beating so that she wouldn't have any more fantasies. Since the heavens are willing to help me like this, then I definitely cannot miss this chance." Jiang Zhi Xin's expression was proud, she had a complete plan in her mind.

She gestured to A Ying, and when she reached her ear, she whispered some instructions to him, causing A Ying's expression to change again and again.

Finally, she revealed a look of admiration.

"Miss is truly resourceful, she, Luo Qing Yun, will definitely die a terrible death."

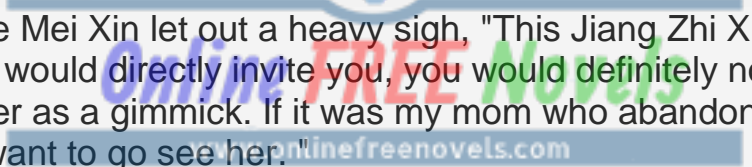

"It would be best if I could get that disgusting bitch of hers to scam together." Jiang Zhi Xin said fiercely.

Chapter 57 - Hongmen Banquet

In the afternoon, He Mei Xin invited Luo Qing Yun out for a coffee, and told her about Jiang Zhi Xin inviting him to participate in the Engagement ceremony s.

When He Mei Xin heard the news, she immediately exploded. "Don't go, don't go!"

"But I want to go see my mother ..." Luo Qing Yun said.

Hearing this, He Mei Xin let out a heavy sigh, "This Jiang Zhi Xin is a b * tch. If she knew that I would directly invite you, you would definitely not go, so I'll just take your mother as a gimmick. If it was my mom who abandoned me, I wouldn't even want to go see her." 

"She has cancer. I don't know how long she'll live." This was also the reason why she was so eager to see him.

"Hmph, how could Jiang Zhi Xin's words be trusted, she must be lying to you." He Mei Xin said without even thinking.

"What if it's true?"

"Alright, I said that you won't win." He Mei Xin did not say anything, he only used a straw to stir the drink in front of him, and looked towards the two tallest buildings constructed side by side in the center of the city outside the window, sighing emotionally, "Tell me, why do you think this person is so different from

others? Why is it that a woman like Jiang Zhi Xin, who was born so rich, so poor? "

"You are already good enough. Don't be unsatisfied."

"That depends on who I can compete with, compared to an unlucky child like you, I am indeed very happy, but compared to Jiang Zhi Xin, I am far from being able to compare, let alone comparing with our chairman's daughter." He Mei Xin said.

"Your Chairman's daughter? Why are you comparing yourself to her? " Luo Qing Yun found it funny.

"Jealous! Not only is she good-looking, she's also so rich. The key thing is, do you know how perfect her fiance is? It's just like a textbook prince of nobility. " He Mei Xin said, pointing to the tallest building outside the window, "Look, do you see those two buildings? One is our company, and the other is the property of our Chairman Qian Jin's future husband. "Tsk, tsk, tsk. In the future, not to mention China, even in the world, these two families would be able to make it into the top ten."

"How old are you already, and you're still the princess' son?" Luo Qing Yun flicked her forehead and laughed.

"Don't take this as a fairy tale, it's all true. If only I could find such a perfect man. " As He Mei Xin said this, she started to become infatuated.

Of course, Luo Qing Yun knew that she wasn't talking about a fairy tale. She already had a perfect and outstanding man by her side right now.

Thinking of Su Chen Hao, she couldn't help but reveal a happy expression.

Right now, she was the protagonist of the fairy tales, Cinderella.

"It's your destiny. You will meet him." She comforted He Mei Xin.

"Even if there isn't a prince, it's fine if you give me a diamond king." He Mei Xin was sensible.

"Don't worry, don't worry, there will be."

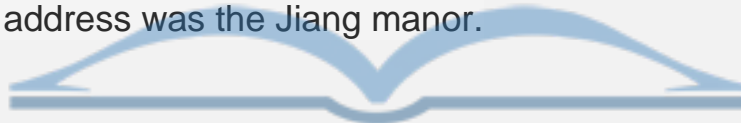

"You are very perfunctory ..."

"Where did I ..."

"Yes, I can hear it."

"..."

Jiang Zhi Xin's Engagement ceremony was at seven thirty in the evening two days later. The address was the Jiang manor.

Luo Qing Yun did not wear the gorgeous equipment that Su Chen Hao had prepared for her, but she also knew very well that if she were to wear too badly, she would also be looked down by people in the circle of rich people.

As a result, she wore the royal blue dress that Su Chen Hao had previously given her, paired with her low-key black high heels. Her hair was slightly curled in the shape of a wave with a curling stick and draped over the back of her head.

The driver escorted her to the entrance of the Jiang manor.

Luo Qing Yun went up to her own invitation letter, and was directed to sign on the stage, then went into the garden.

The villa in the Jiang Residence was huge, and was decorated with dazzling splendor. Furthermore, it had been specially arranged for the wedding

ceremony. It only gave people the feeling that wherever they looked, a dazzling golden color would appear.

The host's sense of respect for gold was evident everywhere.

Jiang Family was only a little older than Jiang Zhi Xin's father, but she suddenly exploded. She did not have much wealth, so she was not accepted by the real Wealthy Class people.

However, amongst the upstarts, he was still one of the top.

The Zhou family's situation and the Jiang Family's were the same, thus the two families could be considered as having the same family background, and were especially compatible.

At this moment, there were quite a few people surrounding the dessert counter in the garden. There was a live band playing on the main stage, and the atmosphere was very lively.

Luo Qing Yun was not interested in the wedding, so after entering, he avoided the crowd and headed into the villa, hoping to find her mother, Xie Yue E.

As soon as she entered the room and saw a waiter coming out, she stepped forward and asked, "Hello, have you seen Mrs. Jiang?"

"Mrs Ginger? She should be with Eldest Miss, in her bedroom on the second floor. " The attendant thought for a moment before asking.

"Thank you." Luo Qing Yun thanked her and prepared to go up to the second floor, but she felt that it was a little strange. Didn't Jiang Zhi Xin always hate this stepmother? Why was he so close to her now?

Two servant-looking women came down the stairs, talking.

"You're right, my lady. On this kind of day, the mister has already said that he won't let her attend, and the eldest young miss has also ordered, she doesn't want to see her on the Engagement ceremony. Why is she still dressing up and preparing to meet her guests?" the servant said.

"What other wife? Didn't Miss say that she was ready to divorce her? From now on, he would call her Lady Xie. Hurry up and change your words, otherwise, if the young miss hears it, I'll be scolded again. " the servant said.

"Right, right. Luckily you reminded me."

After the two of them said this, when Luo Qing Yun walked past them, she immediately called out to them, "Hello, may I trouble you two? I would like to ask, the Lady Xie you mentioned just now, is she Mister Jiang's wife?"

Seeing that their words had been heard by someone, the two of them became nervous.

"You don't have to worry, I just want to ask, where is she now?" Luo Qing Yun saw that they were on alert, and said.

Servant A pointed outside. "Over by the second floor."

Vice building?

Luo Qing Yun thought back to what they had just said and immediately felt upset.

Could it be that she was really getting divorced from Jiang De Yue?

He turned around and walked out of the house. As expected, there was a small two-story house beside the house. Compared to the bustle of the house, it was very quiet.

Before he could even go upstairs, he heard a sharp voice from above, "All of you, move aside. Why aren't you allowing me to participate? I am currently the wife of the Jiang Family, the mistress of this family. What qualifications do you have to stop me? "

"Lady Xie, please be a bit more calm. Teacher has already spoken, aren't you making things difficult for us?" A man's voice was persuading him.

Chapter 58 - Saving Lives

"Make things difficult for you? Old Yellow, how could you say that? What have you been doing in Jiang Family all these years? "Now that I'm in trouble, not only did you not help me, you even added insult to injury. You ungrateful ingrate!" The sharp voice cursed.

Luo Qing Yun heard this voice. She seemed to have heard this voice before, but she did not dare believe it.

After not seeing her for a few years, why had her gentle mother become as shrewd as a shrew?

With heavy steps, he walked up the stairs and immediately saw that in front of the door to the second floor's room, there was a man with two middle-aged women blocking the door. The beautifully dressed mother, Xie Yue E, was stopped in front of the door and could not come out.

She looked fine and her voice was full of energy. She didn't look like she was sick at all.

Sure enough, did Jiang Zhi Xin lie to her?

As Xie Yue E was counting the three people who were blocking her path, her eyes inadvertently glanced in the direction of the stairs. In the distance, she

saw Luo Qing Yun who was standing blankly in place, and her voice slowly grew softer.

She probably thought that she was seeing things and didn't dare to admit it.

But when she found out that Luo Qing Yun was also staring at her, she became certain that it was true, the slim and graceful young lady at the foot of the stairs was her own daughter.

"Qingyun? Was it you, Qingyun? "Why are you here?" Her voice was trembling with emotion, and her expression was one of surprise and joy.

"Is this the life you want? Abandon me and my brother just to live like this in this family? " Luo Qing Yun looked at her mother with a sorrowful heart.

"No, that's not it. It's not what you see. They ... "They ... " Probably because he didn't want his daughter to see his sorry state, Xie Yue E tried to explain.

Unfortunately, Luo Qing Yun did not want to hear it.

She finally understood why Jiang Zhi Xin spent so much effort to get her to attend the wedding ceremony.

She just wanted her to see with her own eyes how little dignity her mother now lived in order to trample on her pride.

Turning around, she didn't want to stay in this place for even a second longer. All she wanted was to escape.

In one breath, he rushed to the first floor, exited the building and prepared to rush to the main entrance. However, after taking a few steps, he saw a person lying on the grass nearby.

At this moment, she was in a terrible mood. She didn't want to pay attention to him, but instead, she heard that person's weak cry for help.

She struggled internally, but she couldn't stand idly by the side and watch him die. In the end, she still walked up to him.

"What's the matter with you?" Squatting down, she asked cautiously.

"Medicine..." "My medicine ..." That person was lying face down on the ground, pointing towards the grassland in front of them.

Luo Qing Yun looked in the direction he was pointing and saw a small medicine bottle lying quietly on the grass.

He quickly bent over and picked up the bottle. "Is this it?"

"Yes, help ..." "Open it for me..." The man spoke with great effort, supporting himself on the ground with one hand as he raised his head with great effort. His handsome face was pale white as beads of sweat dripped down his face.

Luo Qing Yun did not dare delay, and immediately took out one of the pills from the bottle and placed it on his palm, then turned his body with her back leaning on the side of his body, and placed it next to his mouth.

The woman's pale lips touched her palm. She swallowed the medicine and rested for two minutes. Her breathing gradually calmed down. She moved her body and looked at her: "Thank you."

"You're welcome. Are you feeling better?" Luo Qing Yun asked. He nodded lightly. His face was still a little pale, but it was no longer as frightening as before. "Much better."

"Let me help you up and find a place to rest." Sitting on the ground was not a solution.

The man nodded. "Sorry to trouble you."

He then forced himself to stand up with Luo Qing Yun's help. Looking around and seeing a small pavilion not too far away, he said, "Let's go over there."

Luo Qing Yun supported him as they walked towards the pavilion.

After the man sat down, Luo Qing Yun said again, "I'll go pour you a cup of water."

Without waiting for him to speak, he turned around and walked to the most bustling place in the garden.

Luo Qing Yun passed through the crowd and went in to grab a glass of mineral water. As she was about to leave, she saw that not far away from him, Jiang Zhi Xin was holding onto Zhou Yi's hand, and the two of them were toasting the guests.

To avoid facing them, Luo Qing Yun immediately turned, wanting to escape, but she did not know, that Zhou Yi's gaze had already caught sight of her figure.

With a slight frown, Zhou Yi's expression became somewhat grave and stern.

Jiang Zhi Xin sensed the change in his expression, and followed his gaze forward, to see Luo Qing Yun's back.

"Why is she here?" Then, he revealed a worried expression, "Zhou Yi, do you think she has yet to give up on you and wants to destroy our Engagement ceremony?"

"She dares!" As Zhou Yi said this, his face became even more unsightly.

"Look at how shameless her mother is, you should know that there's nothing to fear from her, as long as she has a mother, she will definitely have a daughter." Jiang Zhi Xin said.

"I won't give her that chance." Zhou Yi said while gnashing his teeth.

As for the current Luo Qing Yun, she did not even know that the two pairs of eyes behind her were staring at her, she carried the water, lowered her head, and used the crowd as a cover to walk towards the pavilion in the depths of the garden.

Since she was not going the same way as before, she took a slight detour. When she passed through a small path, two shadows, one tall and the other short, suddenly appeared in front of her.

"Girl, why are you here alone? "Come and play with us brothers." The one who spoke was the tall one. Due to the dim light, she couldn't see the other party's face clearly, but the voice was enough to make her feel disgusted for a while.

"I don't know you. Please get out of my way, don't block my way." Luo Qing Yun said to the other side coldly.

"It's alright if you don't know him. We'll get to know each other after we play." The short man took another step forward and reached out to touch her cheek.

Luo Qing Yun hurriedly took a step back, and warned the other party, "Don't act recklessly.

"Oh, your temper isn't bad, you still want to shout?" I see. Do you want money? "Say it, how much is it? Can't we just give it to you?" The tall one took his wallet from his pocket.

The short one agreed, "We brothers don't have anything else, but we have a lot of money. As long as you serve us well, we can guarantee that you will have some benefits."

Luo Qing Yun knew that she had met a hooligan this time, she never expected that there would be such a person at Jiang Zhi Xin's wedding ceremony.

She was forced back several steps. She wanted to escape, but the high heels on her feet made her unable to run.

Chapter 59 - His Woman

Opening her mouth, she wanted to call for help, but the tall one had already rushed forward, covering her mouth and raising his hand, slapping the back of her neck hard, causing her to faint.

Luo Qing Yun lost consciousness, the tall one immediately carried her and walked into the villa.

The short one followed by the side. When someone looked over, he could only smile and explain, "Drunk ..." "Drunk"

The two of them directly brought Luo Qing Yun to a room on the first floor of the villa and threw him onto the bed.

The feeling of weightlessness from falling caused the temporarily unconscious Luo Qing Yun to wake up. Before she could react to what was happening, she saw a tall and short man standing by the side of the bed, smiling vulgarly at her.

"What are you guys doing?" She remembered that she had met them a few minutes ago and they had knocked her out.

"Didn't you already say so? We'll give you money, and you can stay with our brother for a night. " As he spoke, the tall man began to take off his clothes.

Luo Qing Yun was so scared that her body curled up and her back shrank back, "Don't come near me, I'm warning you, if you dare touch me, I'll call the police."

"Call the police? Sure, anything. But now, you have to play with us. " The short one said, and extended his hand to grab Luo Qing Yun's leg, "Your skin is so slippery ..."

"Let me go ..." Help ... "Save me ..." Luo Qing Yun screamed and struggled.

Unfortunately, although her screams were loud, the dinner was still going on outside. The sound was louder, and the crowd was all gathered in the garden. No one would have noticed the scene in the guest room.

If the other party only had a single man, Luo Qing Yun might still be able to resist with all her might.

But now that there were two of them, even if she used all her strength, she wouldn't be able to resist at all.

Very soon, a gap was torn open in the collar of her dress, revealing her black chest.

"Don't, don't touch me, scram ..." Luo Qing Yun cried out, her hands were grabbed tightly by one person, both her legs were held down forcefully by another, and she was unable to move at all.

"Obediently comply, stop needlessly struggling." The short one swallowed his saliva and said.

"No, take your dirty hands away ..." A feeling of despair rose in Luo Qing Yun's heart. She was regretting coming here to die even though she was so stupid, knowing that this was a Hongmen Banquet.

She had indeed still underestimated Jiang Zhi Xin's ability. Perhaps, these two people were the second trap she had specially prepared for her.

Who could save her?

Was she going to be tainted by these two today?

Chen Hao, Su Chen Hao, where are you?

I'm begging you to come out, to save me ...

She screamed in her heart. Her tears had already completely covered her eyes and her vision was blurry.

It was unknown if someone had heard her cry for help, but just as her heart dropped to the bottom, the room's door was suddenly kicked open by someone from outside. A cold and low voice came from the door, "What are you doing?"

"Who are you? We're having fun with each other, and we want you to mind your own business. " When the short one saw the newcomer, he first sized him up and then warned him.

Luo Qing Yun immediately raised her head to look at the door, and saw that the person who had arrived was none other than the man she had just saved on the grass. At this moment, his face had already returned to normal.

"Save me, I don't know them." Luo Qing Yun immediately denied the short man's words.

"Are you sure you won't leave?" As the man spoke, he took out his cell phone, seemingly ready to make a call.

Seeing this, the two people did not dare to continue as they were afraid that he would actually call people over. They quickly put on their clothes and dejectedly left the room.

After they left, the man immediately closed the door and took off his jacket. He walked up to the bed and wrapped it around her. "Are you alright?"

Luo Qing Yun was frightened, and now that she was saved, her tensed mood instantly crumbled as she laid on the man's body and cried.

The man's body stiffened for a moment before his large palm landed on her back. He lightly patted her back to console her.

Luo Qing Yun was crying, but at this time, the room's door was pushed open by another person, a strange voice came from the door, "Aiyo, what kind of person is this, why are you so impatient? You actually started doing this right at someone else's home."

Hearing the voice, the two of them immediately turned to look at the door. They saw Peng Yue Jiao standing there watching with a face full of excitement, and beside her were two other people. One was Jiang Zhi Xin, who also looked like she was watching a good show, and the other was a livid Zhou Yi.

When Jiang Zhi Xin saw the man turn his head, he was momentarily stunned, "Su ... Mr. Su? "How could you ..."

Immediately, she turned her spear around and started to attack Luo Qing Yun, "Luo Qing Yun, I really didn't think that you would be so shameless as to fish for my kai. A person like the Mr. Su is someone as despicable as you, who can get your hands on such a thing? "

"What did you say?" Luo Qing Yun thought she had heard wrongly, she never thought that Jiang Zhi Xin would actually be able to say such malicious words.

However, Jiang Zhi Xin ignored her, and looked apologetically at Su Qi Ze at the side, "Mr. Su, I am truly sorry, I have let you down. This woman is not our guest, I don't know how she managed to sneak in."

"Jiang Zhi Xin! "You are too despicable!" At this moment, Luo Qing Yun completely understood that all of this was something that Jiang Zhi Xin had set up for him.

"Me? Despicable? Am I wrong? Didn't you already start selling it at school? I say, why did you leave the country after graduation? Now you've suddenly come back because you can't stay out any longer, right? "Yeah, there are a lot of pretty girls out there right now, so the competition in your industry is quite intense." Jiang Zhi Xin continued to insult her.

Luo Qing Yun was trembling from her words, while Zhou Yi by her side had scarlet eyes as he clenched his fists.

It was obvious that he believed Jiang Zhi Xin's words.

Taking two steps forward, he walked to the bedside, reached out, grabbed Luo Qing Yun's hand, and directly pulled her off the other side of the bed. He raised her hand and slapped her hard, and just as he was about to slap Luo Qing Yun on the face.

Luo Qing Yun detected his movements, but didn't plan to dodge, and only stared at him in disappointment with her watery eyes.

In the end, Zhou Yi's slap was not sent flying. Instead, it was stopped by Su Qi Ze, who was standing right next to him, and had yet to speak.

"Before Mr. Zhou attacks my girlfriend, shouldn't you ask for my opinion?" The man had his back to the door, standing facing Luo Qing Yun. As he spoke, he had already turned around, his handsome face had a noble air about it. Even though his expression was calm, his expression was extremely cold.

Chapter 60 - Unforgivable

"Mr. Su, what did you say?" Jiang Zhi Xin thought she heard wrongly, and instantly opened her eyes wide, revealing a look of disbelief.

Girlfriend? How did Luo Qing Yun become his girlfriend?

Su Qi Ze's eyes turned, although he still had a calm expression, his eyes were sharp, "The Jiang manor's way of treating guests has truly broadened my horizons, it seems like I, Su Yun, have come to the wrong place."

With that, he pulled Luo Qing Yun's hand and was about to leave.

At this time, a middle-aged man walked in from the door. With an obsequious smile on his face, he tried to smooth things over, "Aiya, it's a misunderstanding, a misunderstanding, it's all a misunderstanding. Mr. Su must not be angry, my daughter is young and does not know what to say.

"Misunderstanding? I'm afraid not." Su Qi Ze raised his eyebrows and laughed coldly.

"It's a misunderstanding. Zhixin, why are you still standing there?" Hurry up and apologize to Mr. Su?" Jiang De Yue said, pulling her daughter along, and scolded her in a low voice.

"No need. If you want to apologize, then you should apologize to my girlfriend." Su Qi Ze said indifferently.

When Jiang Zhi Xin heard that she wanted to apologize to Luo Qing Yun, her face was filled with unhappiness.

However, Jiang De Yue did not dare to offend this Mr. Su, so he could only mistreat his own daughter, "Zhixin, hurry up and apologize to Miss Lowe."

However, Luo Qing Yun raised her eyes and looked at Jiang Zhi Xin, "No need, I won't forgive you!"

"You ..." Jiang Zhi Xin didn't think that Luo Qing Yun would actually say such a thing, and in the next moment, her face turned green and white. She looked at Zhou Yi, hoping that he could help him.

At this time, Zhou Yi's face did not look good. His gaze was fixated on Luo Qing Yun's pale white face which had suffered a great shock the entire time. A pair of eyes that were as clear and limpid as the moon were filled with pity.

On her shoulder, the large hand that supported her body was particularly dazzling.

"Let's go, I don't want to stay here anymore." Luo Qing Yun felt like she was suffocating, the people here were all like wolves and tigers, it was as if they could swallow her up anytime.

She hated everything here and just wanted to leave immediately.

"Alright." Su Qi Ze nodded gently as he supported her trembling body to walk outside.

Jiang De Yue still tried to urge his to stay, but in the end, he didn't dare to move forward.

He knew clearly in his heart that he had completely offended this second young master of Su Family today.

After exiting the Jiang manor, Luo Qing Yun lightly freed herself from Su Qi Ze's support and rushed to the side of the road. She violently vomited all over, to the point that she wanted to puke out her bile.

Su Qi Ze turned around and went to the car by the side, took out a bottle of water, and gave it to her.

Luo Qing Yun received the water, rinsed her mouth, and gulped down a few mouthfuls of it. Only then did the disgusting feeling finally be suppressed.

"Thank you." Raising her head to look at Su Qi Ze in front of her, she didn't dare imagine what would have awaited her if it hadn't been for him today.

The corner of Su Qi Ze's mouth raised slightly, revealing a faint smile. He Xi took out a handkerchief from his pocket and stretched it towards the corner of her mouth. He lightly wiped it, and wiped off the water droplets at the corner of her mouth.

Luo Qing Yun did not expect him to make such a move, his expression stiffened, and revealed an awkward expression.

"Oh yes, how is your body? Is there no problem now? " Recalling the way he fell on the ground, she asked in concern.

"Take some medicine, there won't be a problem. Actually, I should be the one thanking you. If it wasn't for you saving me, I might have been lying in the hospital's emergency room by now. " He laughed.

"I'm just lifting my hand." She lifted her hand to brush her hair off her face.

"I'm a hero saving a beauty." Su Qi Ze said.

His words successfully made the atmosphere a lot more relaxed, and Luo Qing Yun's face also revealed a trace of a shallow smile.

"I didn't sneak in. I had an invitation letter, and it was Jiang Zhi Xin who gave it to me." Although she did not care about being misunderstood, she felt that it was necessary to explain herself to those who had saved her.

"I believe you." "No," he said.

Luo Qing Yun did not expect Yue Yang to actually believe in her so easily.

They were two people who had met by chance.

"Your eyes can't lie." Su Qi Ze laughed, he reached out to open his own door, "You must have not eaten anything tonight, and have vomited so much just

now. Let's go, I'll bring you to eat delicious food, as repayment for saving your life."

"No need, you saved me too. None of us owe each other anything." Luo Qing Yun did not want to trouble him anymore.

After Su Qi Ze heard this, he did not force it. "Then, I'll send you home."

"Thank you for your kind intentions, but I have a driver, so ..." Luo Qing Yun tactfully refused.

Su Qi Ze nodded his head in understanding, "I should have thought about it a long time ago. How could someone who can afford to wear such a high price be unable to hire a driver?"

"What?" Luo Qing Yun was confused.

"Your dress is beautiful." Su Qi Ze said, he turned and got into the car, waved to her, then started the car and drove away.

At this time, Luo Qing Yun lowered her head and looked at her dress, as if she had understood something.

But wait, was his suit jacket still on her?

Forget it, now that her dress and collar had been torn apart, she needed a piece of cloth to hide her face. Let's block it with the suit first.

She called the driver and told him to pick her up by the side of the road. While she was waiting for the driver, she searched the PampT with her cell phone and was so shocked that her jaw dropped.

It turned out that this wasn't an ordinary high-end luxury brand, but a top private custom-made clothing brand that had hundreds of years of history, specially designed for only a handful of the world's royal aristocrats as well as the Feudal Lords' families.

Their clothes didn't have a tag or a logo, and none of them were the same. The only way they could recognize them was the artistic dark lines on the fabric.

Of course, these three-dimensional inscriptions could not be easily seen by ordinary people. Some inscriptions required special angles or special tools to be able to see.

As a result, there were many times when people who did not frequently come into contact with this brand's clothing would not be able to recognize this brand.

This was also the reason why Jiang Zhi Xin dared to mock her.

If she were to see the origins of this piece of clothing, she would probably be afraid of that mysterious financial backer behind her!

After returning home, Luo Qing Yun threw herself into the bathtub and soaked for a long time, hoping to wash away all the traces she had gotten in contact with the two wretched men before.

She took off the skirt with the torn collar and put it in the laundry basket.

It was very quiet around her. Her head was dizzy and she felt a strong urge to sleep. Not long after that, she fell into a deep sleep in the bathtub.

When she woke up, the sky was already bright.

Realizing that she was lying on the bed, she rubbed her head and pulled away from the bed.

After washing up, he went downstairs to discover that Su Chen Hao, who should be at work at this time, was actually sitting on the sofa in the living room, drinking coffee and fiddling with his computer.
